DIRECTIONS AND PARKING – COLLEGE TEAMS ONLY: Easiest if you **PICK UP PARKING PASS AT REGISTRATION FRIDAY NIGHT**

Traveling on the Hwy. I-540, take exit 66 to Hwy. 112 (which is also Garland Ave). Travel on Hwy. 112 (south) and turn left on Drake Street. Follow Drake Street to Gregg Street. Turn right on Gregg Street and travel (south) for approximately 150 meters and turn right on Quality Lane. This road, which crosses a set of train tracks, is an entrance to a new apartment complex. Follow Quality Lane around to the entrance of the lower field of the cross-country course and you will see the course/grass parking area. Parking attendants will be directing traffic and are only allowing college team vans to enter at this area near the start, and a backflow lot is shared with volunteers. NO "tour buses" here as they need to go to the Fairgrounds on the West side of the course due to tight corners and terrain. Please arrive early.

Note: You will see lighted parking signs on Highway 112 that lead to additional parking at the Washington County Fairgrounds and the Pauline Whittaker Equine Center. You

may also park at those areas, and catch our shuttle buses to the Race Village on Race Day.

#### Chip Timing:

This year's event will be chip timed and scored. Chips and bibs will be included in your race packet. Each runner will be required to wear an electronic chip which will be twist tied (not laced through) to his or her shoelace. All runners must wear the chip on their shoe. Runners will also have a bib number for identification purposes only. The bib number will be used to match the chip, which has been pre-assigned to that bib number. Please make sure your students know about this system. Please do not switch chips from one runner to another (if you have no shows) without notifying registration of the change. Every chip has been encoded and switching them would list your runner incorrectly for the results.

All chips will be collected at the finish line. There will be a \$10.00 charge per chip for any that are not returned. If you have runners that don't participate or who did not travel with the team, please return the chips immediately to the packet pick-up/registration area. The chips will already be encoded with your runner's name, and we will be able to

track the missing chips.
